

**QTS Fully Integrated Platform**

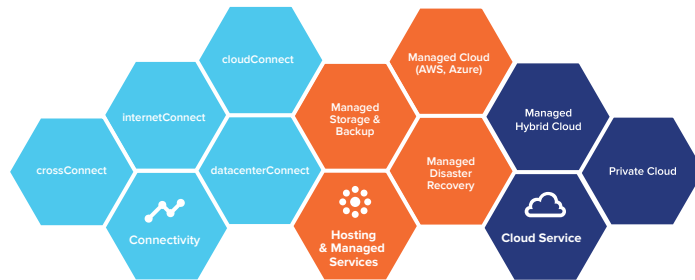

QTS is the only fully-integrated data center, managed hosting and cloud services company that relies on people first to provide expertise, technology and infrastructure for IT decision makers in complex, high-pressure environments who need help managing and protecting critical data during a time of unprecedented change.

We own, operate or manage over 5.7 million square feet of state-of-the-art data centers in North America, Europe and Asia Pacific, and support more than 1,000 customers.

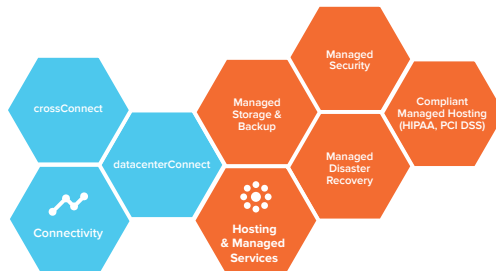

QTS' fully-integrated platform is built on a foundation of world-class data center infrastructure, industry-leading security and compliance, premium high-touch customer experience and our innovative service delivery platform.

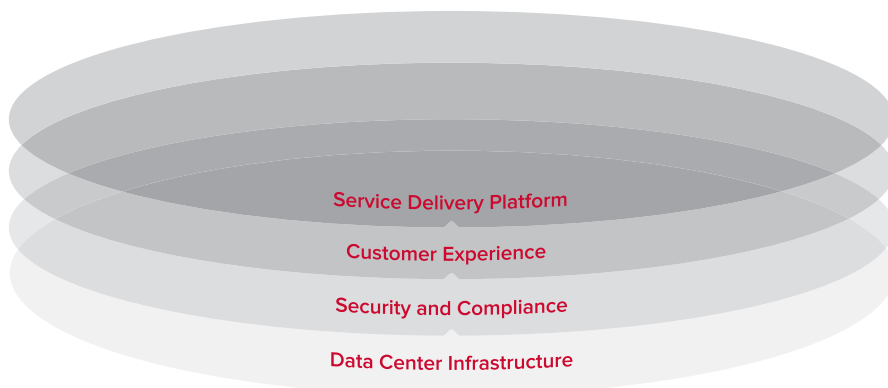

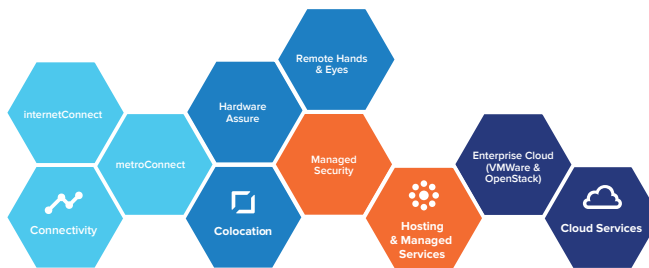

**Integrated offerings and solution**

**Managed services on top of infrastructure**

**Highly compliant solution**

Contact a QTS expert to discuss how we can work together to build a customizable, scalable solution to fit your business needs now and into the future.
